MESSAGE

I am glad to learn that young Ebin Rec George is attempting a world record by playing 20 musical instruments in an hour long medley titled 'Nothing is impossible'. I wish him the very best in his endeavor and hope that he achieves his goal.

I also hope that the attempt will be an inspiration to the youth of today to take up challenges and strive ahead in their chosen fields with the conviction that 'nothing is impossible'.

OOMMEN CHANDY
CHIEF MINISTER
KERALA

No.100/Pre-Sec/CM/2013

29/01/2013

Message

I am glad to know that Ebin Rec George would be attempting a unique world record by playing several musical instruments in a live instrumental concert to be held at Sharjah, U.A.E. in February 2013.

It is indeed a novel approach on the part of Ebin to attempt a world record that involves music, which I hope would turn out very entertaining to the audience also. I hope that Ebin would embrace success in this record attempt and I wish him all success for achieving the same.

Message

I am very happy to know that Ebin Rec George, S/o. George C. K (Grandson of Rev. K. C. George) got approval to set a world record in instrumental music. To play 20 - 25 instruments one after the other need utmost care and concentration. It is obviously God's immense gift to make acquaintance with all these instruments. Music has the power to heal and console human minds and the one who know to handle it also has to use it for the well being of humanity. It is not fair to consider all these events as performance rather it is the acknowledgement of God given talents. May God Almighty help Ebin to be successful in this event and to be faithful in his life journey as a musician.

My best wishes, blessings and prayers.

Kottayam,
22.01.2013

+ Thomas K. Oommen Bp

MESSAGE

This world record attempt by Ebin Rec George is a demonstration of a young student's knowledge, talent and skills coming alive to surpass the boundaries of what is considered possible. As a member of the DIAC student community, we are proud of Ebin's attempt to set a world record for the most number of instruments played in a one hour concert.

I am thankful to Manipal University, one of our key academic partners, for their contributions in nurturing Ebin's talents.

I wish Ebin all the very best for a successful attempt.

MESSAGE

Dear Ebin

I am extremely delighted as you embark on your mission to create a new world record for the longest continuous play of musical instruments. In particular, we at Manipal University are extremely delighted to have had you as a student for many years during which you had displayed your exemplary talent with musical instruments. Very few of us in this world possess such innate qualities and the gift of music is a priceless one and as the old adage goes, "Music is to the soul, as beauty is to the eyes". I am sure you will easily enter into the record books due to years of your dedicated training and I urge you to continue such endeavors in the future. Wishing you all the very best and May God be with you.

Dr. B. Ramjee

MESSAGE

I am so happy and excited to learn that Ebin's name is going into the list of record holders soon. I know that Ebin has the God-given talent to play several musical instruments continuous for many hours. He is God's gift not only to the family but also to the entire world of music and music lovers. As he is getting ready to perform on February 2, I pray that he will be blessed by the Spirit of the Lord so that he will prove that 'nothing is impossible to God'. I have seen Ebin as a baby and also seen him growing under the christian love and care of his parents. We in India are very proud of him. May the Lord continue to empower him to play celestial music in the years to come.

With all best wishes

Nothing Is Impossible

Life begins with a commitment
Taking the first step to begin a journey
The ups and downs that is encountered on
the pathway
To satisfy the desires of his beloved ones.
It's a pleasure to treasure
One's exemplary feat,
Be it when little or a grown up
And all through life's journey
With the Almighty's enduring guidance
One realizes that a cross is not a burden to
shoulder
With God's grace and blessing
Nothing is Impossible

Cathy

PROFILE OF EBIN REC GEORGE

Ebin Rec George S/o George.C.K (Rajeev) and Suja George was born on 02 February 1992 in Bahrain. As his parents were active members of the church choir and handled musical instruments, he got the inborn talents in music. He started playing instruments at the age of two. The first instrument that he played was the electronic pad drums. His first performance with the drums was at a church programme conducted by the CSI Parish, Bahrain at the age of three. After that he got a chance to assist Rev. Sajan. P Mathew, Former Director DSMC Studios by playing the pad drums at the VBS arranged by the Marthoma Parish, Bahrain. His first schooling was at the Asian School, Bahrain. That time he started playing the keyboard too. As his parents changed their job, he came to India at the age of six and joined Bishop Speechly Vidhyapeedh, Kottayam, Kerala. He performed various stage programmes with keyboard, drums and got many prizes from the school and the church. At the age of six, he got an opportunity to take part in an interview by the Asianet Television Channel as a 'Young Keyboard Performer' followed by his performance.

At the age of nine he joined his parents in UAE and continued his schooling at the Emirates National School, Sharjah. He started playing the guitar at the age of nine. While studying at the Emirates National School he got awards and certificates in instrumentals like lead guitar, Drums and keyboard etc... He got many opportunities to perform in the stage shows of the church. He got awards and certificates from Inter-School competitions, Arabia Daily Inter Emirates, Lulu Group, ICPF etc...

After schooling, he joined Manipal University, Dubai Campus for the degree in Bio-technology. During the span of three years he got opportunities to learn more musical instruments and got chances to play with music bands. Since 2010 he is leading the 'Praise Band' in UAE and started practicing Violin, Piano, Bass Guitar, Arabic Drums, Recorder etc... In the year 2011 he started practicing the Soprano Saxophone. On 14 Jan 2012 he performed his first Soprano Sax recital in Sharjah.

The live show by the world record holder Benny Prasad held in July 2011 was the main source of inspiration to approach the record authorities for an attempt to play 12 instruments continuously with the background music. In February 2012 he contacted Limca Book of Records. In order to give the approval, the record authorities asked him to make a 15 minute video of the proposed attempt.

He got their approval in June 2012 and decided to conduct the event in August 2012. But as the last date for the entry for the next edition (2013) was 30 June 2012, he postponed it to a later date. Presently he got the approval from ten World Record authorities and a few are under process. At the same time he got approval to conduct this event in Australia and Singapore too. The authorities of Australian Book of Records and Singapore Book of Records informed him that they will certify, if it takes place only in their country.

He is planning to play 20 musical instruments for the world record attempt as 'the most number of instruments played in a one hour concert' or 'the maximum number of instruments used by a single person in a instrumental music concert' depending on the category approved by the world record authorities.

All the instruments were tutored by himself except the keyboard. He has passed the exams of keyboard's up to Grade 3 conducted by the Trinity College of Music, London. He is planning to do the higher grades later. Now he has completed the degree in Bio-technology from Manipal University, Dubai Campus.

Ebin plans to continue his higher education and build his career. He aspires to fulfill his desires and accomplish his dreams.

PRESS MEET

NOTHING IS IMPOSSIBLE

FOREWORD

Nothing is impossible in this world if you put your trust in God. To accomplish the most difficult tasks, you need to put in a lot of hard work, perseverance and concentration on a single objective. Moreover, you should have the patience and faith in yourself. Faith leads to miracles. You are bound to face obstacles en route to success, but with courage and dedication you can master them. To attain your desired goal, you have to laugh at your trouble and forget it. It often makes you perform extraordinary feats in ordinary situations.

We might have a lot of plans for our future, but God always has better plans for us. I have never dreamt of anything impossible but God made 'Nothing is Impossible' a reality. I still can't believe it has happened.

We have a general misconception that people on the limelight are always free from the harsh realities of life. But it's not the same with me. I have undergone through many trials and tribulations in life but my loving God's favour was with me to face these ordeals with courage and determination. Through all this, I firmly believe that God can change every worse situation into the best.

Many of you might have noticed a small text written "ph 4:13" in the logo of the event. Ph 4:13 stands for Philiphians 4:13 from the Bible which says I can do all things through Christ Jesus who strengthens me. And this is my faith that when Christ is in you, He can enable you to make every impossible – possible !!!

Ebin George
