Greetings

It is indeed a great pleasure for me to appreciate Master Ebin Rec George for his achievements and commendable services to the society. He is associated with the YMCAs for various events to spread the message of world peace. Through his magical skills in music, he communicates the significance of peace and harmony to the world.

Let me congratulate Ebin on his latest achievement of gaining a successful entry into the Book of World Records. It's very unique to know about someone, who could perform to world class levels of music at such a young age while pursuing successful educational and a professional career.

May God almighty continue to guide him in the right path throughout his life!

Ebin Rec George

Hailing from India, Ebin Rec George is a Christian Musician, Multi-instrumentalist and Multiple World Record holder for playing the most number of musical instruments (27) consecutively in one hour. He currently resides in Dubai, United Arab Emirates.

Early Life

Ebin was born on 2 February, 1992 in the Kingdom of Bahrain. His parents were active members of the Church Choir and handled many musical instruments. With this additional inspiration and an imbibed inborn talent for music, Ebin started playing instruments at the age of two. The first instrument that he experimented was the electronic pad drums and his debut performance with the drums was in a Church programme at the age of three. He started schooling at the Asian School, Bahrain. As his parents re-located to India, he joined the Bishop Speechly Vidhyapeed, Kottayam, Kerala. He performed in various stage shows on keyboard, drums, etc. and won many accolades and prizes from school as well as the church. At the age of six, Ebin was fortunate to be interviewed by the Asianet Television Channel as a 'Young Keyboard Performer' and this was followed by his recital. When he was nine, he came to reside with his parents in the UAE and continued his education at the Emirates National School, Sharjah where he began playing the guitar. While studying at the Emirates National School he was the recipient of several certificates and trophies in musical instruments like lead guitar, drums and the keyboard.

During his schooling days, Ebin acquired innumerable opportunities to perform stage shows across the UAE. He won many accolades from Inter-School competitions, Arabia Daily Inter Emirates, Lulu Group, ICPF, etc. Within the span of three years (2009 – 2011), he was fortunate to learn many more musical instruments such as Saxophone, Violin, Piano, Bass Guitar, Arabic Drums & Recorder. Being a veteran and passionate for music, he was invited to play for many musical bands. He was accorded certificates in Electronic Keyboard up to Grade 8 from the Trinity College of Music, London and also Certification in Music Production from the Berkley College of Music, USA. All the instruments were tutored by himself except the keyboard.

Proposal to do the World Record

The live show by the world renowned record holder Dr. Benny Prasad in July 2011, was the main source of inspiration for Ebin to take up a lead and approach the record authorities for an attempt to play 12 instruments uninterruptedly with a background music. In February 2012, he contacted the 'Limca Book of Records' in order to get their approval, which he received in June 2012. Later, He got the approval from more than fifteen world record authorities and a few were under progression. At the same time he was given an approval to conduct this event in Australia and Singapore too. He intended to play 20 musical instruments for the world record attempt as 'the most number of instruments played in a one hour concert' or 'the maximum number of instruments used by a single person in an instrumental music concert,' depending on the category approved by the world record authorities.

Nothing Is Impossible - Event

Ebin's performance and attempt for the world record was held on 2 Feb, 2013 at the SWC Auditorium (Sharjah Worship Centre), Sharjah, UAE titled 'Nothing Is Impossible'. The young mesmerizing musician Ebin George, proved his mettle by playing 27 instruments in an hour consecutively, during the live musical concert. This musical extravaganza was witnessed by more than 2500 audience at the venue along with the dignitaries, distinguished guests, leading business personalities, well-wishers and friends and many people across the globe via webcast. The Chief Guest for the day Dr. Ayoub Kazim, Director of Dubai International Academic City, enthralled the audience by his inspiring message. The keynote address was presented by Dr. Tiju Thomas, erstwhile Consul – Economic Affairs, Indian Consulate Dubai. Dr. B. Ramjee, former Director of Manipal University, Dubai Campus, Mrs. Uma Prasad, Student Counsellor, Manipal University, Dubai Campus, Mr. Abraham Mathew, Vice – Principal, Emirates National School, Sharjah, Mr. Steve Thompson, Director, Berach International Music, UK, also expressed their felicitations. Ebin with his magical fingers fulfilled his dream and accomplished his mission playing 27 instruments in different genres made of various self-made tracks consisting of Latin, Pop, Rock, Funk, Oriental, African, Carnatic, Irish, etc., instead of 20 as previously envisioned, and was indeed determined to make the impossible possible.

Discography

In August 2013, Ebin released his first Piano Instrumental Album titled 'FORWARD' which comprises of piano instrumentals of popular songs with its backing tracks. The album was released internationally by various music distributors and is now available in iTunes, Amazon, Spotify, etc. The album had received 3 nominations from '2014 Rhythm of Gospel Awards', USA, for 'International Artist of The Year', 'Special Event CD of The Year' and Young Adult Artist of The Year'.

TEDx

On 26th February 2014, Ebin George was given an opportunity as a TEDx speaker on the theme 'Lateral Perspective' hosted by IMT University, Dubai Campus, along with seven more distinguished speakers from various fields. His first Tedx talk on the topic 'You cannot learn Music' spoke about the passion one needs to truly play music and how one can never learn music. He demonstrated several unique ways of playing the guitar and the flute which had won everyone's heart with his modest and inherent talent.

Wall of Fame Award

The Toastmasters International presented the 'Wall of Fame Award' in recognition of his achievements as the 'Multiple World Record Holder' on 23 January, 2015 at Dubai, ECC Toastmasters Club.

Personal Life

Ebin George is the eldest son of Mr. George C.K, a Sharjah based Entrepreneur and Mrs. Suja George, Teacher of English at Our Own English High School, Girls, Sharjah, UAE. His younger brother Eswin George who is currently doing his BBA, also plays several instruments like his elder brother. He won the 'Best Artiste Award' from his school. Ebin spends his leisure time with musical instruments and computers. He has completed the degree in Bio-technology from the Manipal University, India - Dubai Campus and M.SC Engineering in Renewable Energy from Heriot Watt University, UK - Dubai Campus. He is currently in his final semester of Master of Business Administration (MBA) as a part of his dual degree programme and now has also passed the entrance exam for PhD research programme in Aviation Management.
